### Cooperatives Over the World

Nowadays, there are examples of very big and successful cooperatives: a lot of people in Britain do their shopping in John Lewis or Co-op supermarkets. A lot of people in Spain do theirs in Eroski. People buy furniture, shoes and other things. Cooperatives also work successfully А \_\_\_\_\_ . Anyone can join and it isn't important В \_\_\_\_\_ .

When the first cooperative shop opened in Rochdale on 21st December С \_\_\_\_\_ 1844: flour, butter, sugar and oatmeal. As the business grew they added tobacco and tea, and later meat, books and magazines were sold on another floor of the building. In 1840s it was difficult for workers to buy even basic foods. From the very start, D \_\_\_\_\_ into an educational fund. This, in time, became a library and a news-room on the first floor above the shop. The Mondragon group of cooperatives, which began in Spain about 100 years later, started with a school which taught practical subjects like mechanics and electronics. Members of the coop paid in a weekly sum of 2 pence, E \_\_\_\_\_. However these payments made them the owners of the shop and they received money back, five percent interest on the money plus their share of any profit the shop made.

1. the pioneers wanted to put a proportion of their profits
2. what political or religious opinions they have

## Раздел 2. Грамматика и лексика

**Задание 1.** Прочитайте приведенный ниже текст. Образуйте от слов, напечатанных заглавными буквами в конце строк, обозначенных буквами А-Е, однокоренные слова так, чтобы они грамматически и лексически соответствовали содержанию текста. Заполните таблицу ниже полученными словами.

### Online Sales

Online sales are at different stages of **A** \_\_\_\_\_ in different parts of the world. Of course, in a lot of places, not many people have computers at work, and even **B** \_\_\_\_\_ have them at home. Even mail order has not developed. People do their shopping in street markets and traditional shops, so the growth of e-commerce will be very slow there.

In other markets, **C** \_\_\_\_\_ use computers a lot, but they are very nervous about **D** \_\_\_\_\_ their credit card details online: they are afraid that computer hackers may steal them. The main job of online retailers is to persuade people that their details will be safe if they buy online.

In some places, shopping is no longer seen as a leisure activity. Traffic problems, the difficulty of parking, crowded shops and the high cost of goods in shops all mean that shopping is **E** \_\_\_\_\_. Thus, retailers have a big potential market. But even here, it will take a long time before people lose the need to touch and see certain types of goods before they buy them.
